
FET Peer Tutoring Program

A program initiated by FET in collaboration with Golden Key Society and Engineering Society

JOIN US!!

Recruitment of Peer Tutors Trimester 2, 2018/19

FET Peer Tutoring Program is introduced with the goal to engage senior students to guide and assist students in their studies, while at the same time, be a source of motivation and support. Invitations are now open to students to join as peer tutors.

Responsibility:

- To conduct peer tutoring class for one subject.
- To help students enhance their academic skills.

Requirement:

- Preferably grade A- or higher in the subject to tutor.

Benefits of becoming a peer tutor:

- Able to reinforce own understanding of the subject.
- Able to gain soft skills and experience which may help in future goals.
- Able to pass down learning skills and experiences to juniors.
- Being presented with book vouchers.

Criteria for Best Peer Tutor Award

- Performance of students (exam result and class size).
- Contributed in at least two trimesters in a year (trimester 2–3–1).
- Feedback from students, lecturers and program coordinator.
- Special initiative.

Interested students are welcomed to contact:
